Skills

Frontend Web Development   **Backend Web Development**

- HTML   - JavaScript
- CSS   - MongoDB
- JavaScript   - MySQL
- ReactJS   - NextJS
- Bootstrap   - JSON
- Talwind CSS
- TypeScript
- Node.js

Certificates

- Full Stack Web Development   - Course On Computer Concepts

Projects

Frontend Project, *Resume Builder Web App*
I have Created a web app using ReactJS. By which user can create their resume by adding their details.
Also user can use multiple type of resume templates.

Backend Project, *BookMyShow Clone*
I have created a BookMyShow clone backend project. Where user can see Movie Names, Shift Timing
and Seat plan. User can choose movie, time slot and seat plan accordingly.

Full Stack Project, *MoonFlix (Netflix Clone)*
I have created a full stack movie app. Where user can signup/signin, search and watch any movie and also user can change theme of web app.
